Motivated and enthusiastic fresher seeking an opportunity to begin my career in the IT industry. Eager to explore new technologies, gain hands-on experience, and contribute to innovative projects while continuously enhancing my technical and professional skills. A quick learner with strong problem-solving abilities and a passion for delivering quality solutions.

EXPERIENCE

MERN Stack Developer Intern

05/2026 – 06/2026

Completed a MERN Stack Development internship, where I developed responsive web applications using MongoDB, Express.js, React, and Node.js. Built reusable components, integrated REST APIs, managed databases, and enhanced application functionality while strengthening my problem-solving and full-stack development skills.

CERTIFICATES

Introduction to Generative AI and Agents
Microsoft Learn

Introduction to MS Excel
Microsoft Learn

AI Foundation
Open AI Acedamy

Prompt Engineering:Shaping Better AI Responses
IBM SkillsBuild

PHP and MYSQL Training
Spoken Tutorial IIT Bombay

PROJECTS

1. Library Management System

Developed a full-stack Library Management System with separate admin and student modules to streamline library operations. Implemented admin authentication, book and student management, CRUD operations, book issue/return tracking, search and filtering, and a responsive dashboard. Integrated REST APIs with MongoDB to manage library data efficiently and provide a smooth user experience.

Tools & Technologies: React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, CSS

2. Attendance Tracker Pro

Built a responsive attendance management application that allows users to record, track, and monitor attendance efficiently. Designed an intuitive interface with automated attendance calculations to simplify attendance management.

Tools & Technologies:React.js, JavaScript, HTML, CSS

3. Personal Portfolio Website

Designed and developed a modern, responsive portfolio website to showcase my skills, projects, certifications, and professional profile. Implemented smooth navigation, engaging animations, and a clean UI to provide an interactive user experience.

Tools & Technologies: React.js, JavaScript, HTML, CSS, React Icons

4.Tableau Sales Dashboard

Developed an interactive sales dashboard using Tableau to analyze sales performance, profit, and key business metrics. Created dynamic visualizations and charts to identify sales trends, compare performance across categories, and provide meaningful business insights through an intuitive dashboard.

Tools & Technologies: Tableau, Data Visualization, Data Analysis

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Quick Learner
- Time Management
- Communication
